

Avenue Road, Maids Moreton / Buckingham- link from the bus stop opposite Avenue Road to Bellway phase 2.

Proposal

To make the path way from the bus stop opposite Avenue Road to Bellway phase 2 safe – see Fig1
To enable pedestrians to go to and from the bus stop by providing a 2.5 metre wide pedestrian path to link up with the other pathways in the Bellway estate. People getting on or off at this bus stop will either have to cross the A413 twice or risk walking along the grass verge to the main entrance to the Bellway Phase 2 estate - see Fig 2

From a speed pipe survey carried out for MM parch council in November 2013 at peak times on weekdays 500+ vehicles per hour are using this road at this point– see Fig3.

Safety

People with push chairs and small children would have great difficulty crossing this main road at this point.

Location

Fig1 Location indicated in yellow
