

## Tree Walk 26 April 2019

This very successful event attracted more than the 20 people expected. All learned a lot not just from Michael Hunt, who curated the walk, but also from each other.

We may also have recruited a new member during the course of the walk. We were joined by a passer-by.

Many thanks to Michael and also to Kathy and Bill Robins who provided logistical and other support for the walk.

Michael is keen to do another walk later in the year covering the Green Heartlands (i.e. the parkland on the other side of the river from Waitrose).
