

Proposed footpath on Stratford Road / Ouse Valley Walk

At the junction of Lower Wharf and Stratford Road there is a BCC footpath sign showing that the Ouse Valley Walk continues from the BUC/27/7 defined path towards the town along Stratford Road on the south side (see Fig 1).

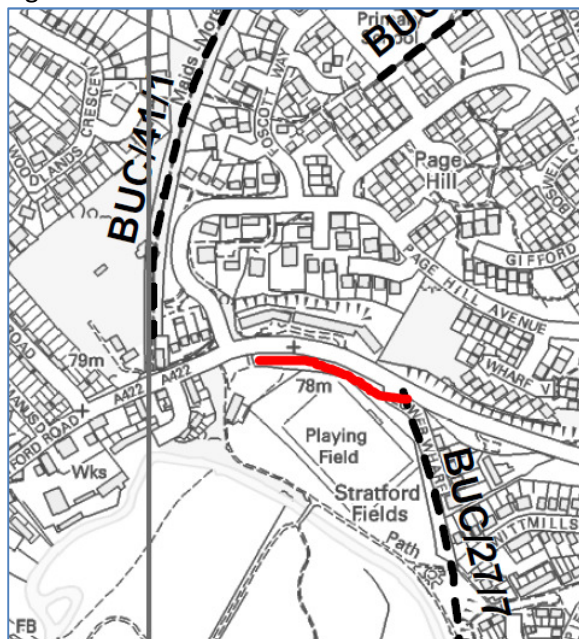

It would seem in the absence of any immediate funding that either some low cost temporary surface could be spread down a 2 metre wide path from the path that currently stops at Lower Wharf (see Fig 3) to the path at the entrance to the football club (see Fig 4) on Stratford Fields (see Fig 2 for location marked in red).

If a low cost path is not possible perhaps a 2 metre wide regular low cut of the grass along this section would be appropriate.
